

# Data Collection Training Nonduplicated Counts

Statewide Data Collection  
and Evaluation of First 5  
California Funded  
Programs

# Goals of training

---

- To define “nonduplicated counts” and provide examples of data collection.
- To learn what kinds of questions can be answered from the data.
- To learn how to use the Nonduplicated Counts data collection tool.

# Nonduplicated Counts

## Definition

Counts of unique individual participants served by a funded program during a specified period in a fiscal year.

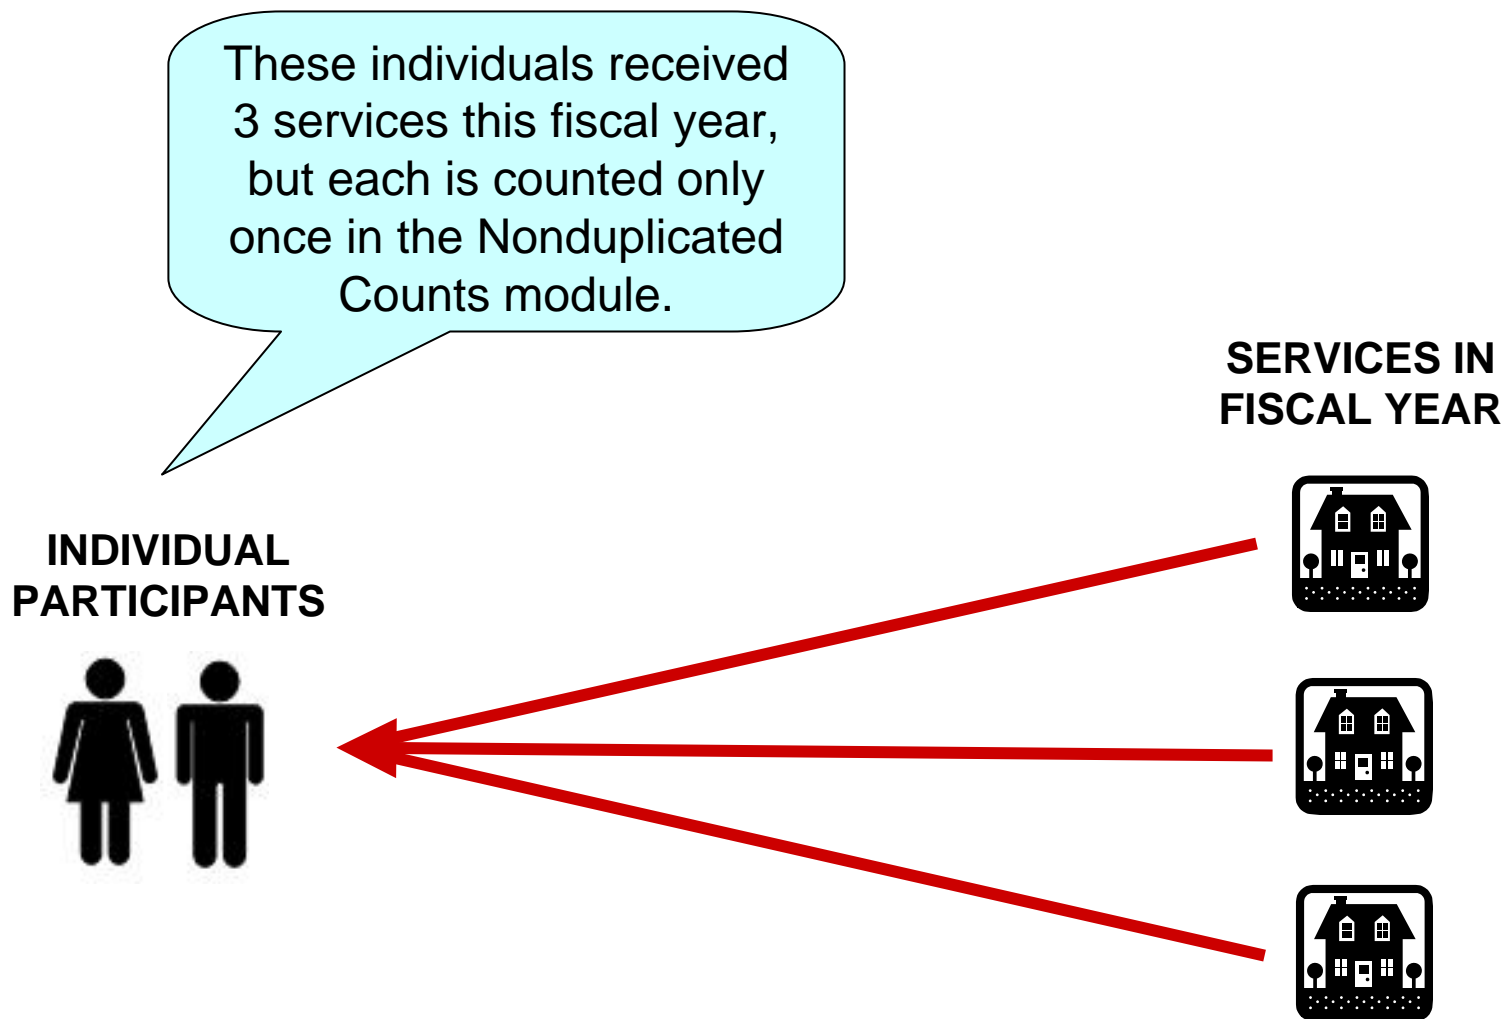

- Collecting nonduplicated counts is for local use and for the benefit of County Commissions and funded programs.
- Nonduplicated counts will be a “headcount” of individual participants who have received at least one service during the specified period.

**Nonduplicated  
counts  
are not linked to  
service data.**

# What questions can nonduplicated counts data answer?

- How many children were served (directly or indirectly) by First 5 programs during a specified period?
- How many program participants were African-American?
- How many program participants spoke Hmong?
- Which programs served more families with younger children (under age 3)?
- Which programs served the most families with children who had a disability or other special need?
- Are programs serving the number and types of participants they were contracted to serve?
- How many people were served by programs in the School Readiness Initiative? How many of those people spoke a language other than English or Spanish?

# Four participant types

## **CHILDREN (0-5) SERVED DIRECTLY**

Children who participate in activities or receive services, including those that are family oriented, directly from program staff or volunteers.

## **PARENTS/ GUARDIANS**

Parents or guardians who have legal guardianship of children ages 0 to 5.

## **OTHER FAMILY MEMBERS**

Siblings age 6 or older, caregivers who do not have legal guardianship, nonparental relatives who participate in First 5 activities, or others, such as neighbors or babysitters, who participate with children in First 5 activities.

## **CHILDREN (0-5) SERVED INDIRECTLY**

Children who have parents/guardians and/or other family members who receive information and services that may ultimately benefit children ages 0 to 5 but in which children do not participate directly.

# Nonduplicated Counts

## Data collection tool

Enter the count of individual participants who have received their first service this fiscal year within the date range specified.

From our example, there are 3 parents/guardians and 2 children served directly.
